

✓ Patient Shield® protects your data.  
All personal identifiable information is redacted  
before any data is shared with AI.

Working with the NHS  
for more than 25 years

# More time for you.

Our practice uses Lexacom AI  
to help write medical notes.

This means our healthcare  
professionals can spend  
**more time on your care.**

Find out more:

## LEXACOM®

Trusted by the NHS for more than 25 years, Lexacom exceeds stringent data safety and security guidelines, and is the only AI assistant that protects your data with Patient Shield®.

If you'd prefer not to use AI, let your healthcare professional know at the start of your appointment.
